

## P ▲ R ▲ D O X

### Magnetic contact detector

#### DCT10

#### ESPECIFICACIONES TÉCNICAS

|                |                        |
|----------------|------------------------|
| Compatibility  | <b>Magellan panels</b> |
| LED indicators | <b>Sí</b>              |
| Tamper         | <b>Sí</b>              |

#### POWER CONSUMPTION

|                  |                     |
|------------------|---------------------|
| Battery model    | <b>2 x AAA</b>      |
| Battery duration | <b>Up to 3 años</b> |

#### MATERIAL AND DIMENSIONS

|              |                         |
|--------------|-------------------------|
| Installation | <b>Door / window</b>    |
| Dimensions   | <b>125 x 46 x 25 mm</b> |

#### DETECTION

|                      |                         |
|----------------------|-------------------------|
| Detector type        | <b>Wireless</b>         |
| Detection technology | <b>Magnetic contact</b> |

#### AMBIENT

|                       |                       |
|-----------------------|-----------------------|
| Operating temperature | <b>-20 °C ~ 50 °C</b> |
| Use                   | <b>Indoor</b>         |

#### CERTIFICATION

|           |                |
|-----------|----------------|
| Grade     | <b>2</b>       |
| Normative | <b>EN50131</b> |

#### TRASMISSIONE WIRELESS

|           |               |
|-----------|---------------|
| Frequency | <b>868MHz</b> |
|-----------|---------------|
