## PoE splitter

### VK-SPLITTER-19-OUT

#### POWER CONSUMPTION

|                |                     |
|----------------|---------------------|
| PoE power      | <b>DC 44V ~ 57V</b> |
| Power output   | <b>DC 12V</b>       |
| Potencia       | <b>21W</b>          |
| Output current | <b>1800mA</b>       |

#### SPECIFICATIONS (POE SPLITTER)

|               |                                                 |
|---------------|-------------------------------------------------|
| Entrada       | <b>RJ45</b>                                     |
| Salida        | <b>RJ45 / Jack connector</b>                    |
| PoE Standard  | <b>PoE (IEEE 802.3af) / PoE+ (IEEE 802.3at)</b> |
| Maximum power | <b>24W</b>                                      |

#### AMBIENT

|     |                |
|-----|----------------|
| Use | <b>Outdoor</b> |
|-----|----------------|

#### MATERIAL AND DIMENSIONS

|            |                         |
|------------|-------------------------|
| Dimensions | <b>155 x 90 x 45 mm</b> |
| Net weight | <b>160 g</b>            |

#### SPECS AND FEATURES

|      |                     |
|------|---------------------|
| Type | <b>PoE Splitter</b> |
|------|---------------------|
